

Lightning Clean Executive Summary

Our Mission: To make laundry hassle-free.

One-line pitch: Wash your clothes in under 10 minutes.

Lightning One Description

The Lightning One allows you to wash your clothes in under 10 minutes utilizing state of the art laundry technology known as detergent osmosis. The machine is an attractive, sleek, and space-efficient unit that also has the ability to dry your clothes in under 20 minutes--in the same machine! With Lightning Clean, laundry is no longer your most tedious task. Lightning clean is dedicated to making laundry hassle free from the beginning to the end

Time

The Lightning Clean One® utilizes a high torque, high spin-speed technology, to wash your clothes in under **10 minutes** and dry them in the same machine in under **20 minutes**.

Size

The Lightning One® is beautifully crafted from brushed aluminum and hand tempered glass. It also fits in any apartment taking up less space than ever before. We're talking 2 ft deep, 2.25 ft wide, and 3 ft tall.

Clean

Lightning Clean's innovative Detergent Osmosis® allows water and detergent to originate from the machine's center and through centrifugal force be pulled outwards. This results in increased permeation and cleanliness.
